

MANUFACTURER OF STURDY AND VERSATILE TRAILERS

www.gatortrailer.ca

# The Gator ELITE Series

## Unmatched Durability for All Your Needs

Discover the Elite series from Gator, perfect for those who need a sturdy trailer.

Made from galvanized steel and aluminum, these trailers resist rust while providing exceptional durability.

With optimized load capacity, they ensure the safe transportation of heavy loads, delivering unparalleled reliability.

ON THE LED LIGHTS AND AGAINST FRAME CORROSION

ON WELDED PARTS

AGAINST WATER INFILTRATION THROUGH THE ROOF

### PRECISION GALVANIZED FRAME

Hot-dip galvanized steel chassis, double-reinforced at the front for unmatched rigidity, with a profiled rear finish that reduces the risk of snagging on rough terrain.

### ALUMINUM MONOCOQUE ROOF

Aluminum roof with 16-inch framing, covered by a single, seamlessly folded sheet. Its integration with the structural panels ensures superior sealing and strength, enhancing protection against the elements and long-term durability.

### HIGH-QUALITY ALUMINUM CLADDING

Exterior walls designed following industrial box truck standards, ensuring a robust structure and clean finish. Their ultra-lightweight construction enhances structural integrity and provides excellent weather resistance, making the trailer suitable for a wide range of applications.

### HIGH-QUALITY LED LIGHTING & POWER CABLE

Trailer equipped with lifetime-guaranteed LED lights, both inside and out. The high-quality power cable remains flexible even in extreme cold and includes a storage bracket to prevent ice and dirt buildup.

### ADJUSTABLE HEIGHT COUPLER & CHAIN SUPPORT

Includes a height-adjustable handle with no play and a sturdy, adjustable chain holder with storage.

### SUSPENSION, GALVANIZED AXLES & RADIAL TIRES

Trailer equipped with conventional or torsion suspension, featuring strategically placed grease points for easy, long-lasting maintenance. Galvanized axles provide excellent corrosion resistance, while radial tires ensure a smooth ride and extended durability.
